County Response Actions:

- This week a temporary restraining order went into effect to halt enforcement of a law that prevents school boards from ordering masks to be worn to prevent spread of COVID-19. The restraining order allows schools to use their discretion in choosing to mandate masks for students, teachers, and visitors. CG Public Health has been working with schools this week to provide recommendations pertaining to this shift.
- We continue to provide COVID vaccine at the health department. We administered a total of 30 vaccines on Wednesday, and have 16 appointments scheduled for Friday.
- CG Public Health continues to work with long term care facilities and local pharmacies to prepare for 3rd dose administration.
