Leadership North Iowa participants are expected to attend all sessions and fully commit to activities included in the program experience. **Leadership North Iowa** is a learning experience that requires a strong commitment by the participant and the participant's employer. You and your employer must sign, date and email or mail this page **on or before December 1** to complete your application.

Please note that your involvement in the **Leadership North Iowa** program may extend beyond the 2027 class year. In addition to the classes, you will be asked to commit your time to a group community impact project, which may run past the date of graduation. However, multiple project work sessions have been built into the program for on-time project completion.

- Please review personal and work calendars to clear time for **Leadership North Iowa** sessions. Please share the schedule with others in your office who need to be aware of your commitment.
- If you must miss all or part of a session, please notify the LNI Director in advance (preferably at least the day before).
- **Leadership North Iowa** is an immersive program that is best received in person. Classes are not offered virtually.
